Roads Australia (RA) is the national peak body for roads within an integrated transport system.

We bring industry, government and communities together to lead the evolution of Australia's roads, integrated transport and mobility networks. Our **150 public and private sector members** comprise all of the major players in the Australian roads and integrated transport sector, including major contractors, government transport agencies and other industry associations as equal members. The head of four road/transport agencies (NSW, VIC, QLD, WA) sit on the RA Board and we are known for having a **truly collaborative relationship with government**.

Hosting over 90 events nationally each year, RA has the unique ability to attract **the big industry players in one room** at a senior level to provide unprecedented networking opportunities, and a forum for members to come together as equals and work towards practical outcomes and policy solutions. Through our industry-leading Insider e-newsletter, we keep members connected and abreast of what's happening in the industry.
